5. **Roles and Responsibilities**

a. **CVBC Committee**

Ensure all members are aware of the Club's Safeguarding Policies for both Children and Adults and are given the opportunity to receive appropriate training on safeguarding issues and receive updates on relevant policies and procedures as required.

b. **Safeguarding Officer**

Our Club Safeguarding Officer is Mrs Barbara Baker. She has completed the mandatory Safeguarding training provided by Bowls England and has a Disclosure and Barring Service (DBS) Check. Her contact details are below, on the CVBC website (including a photograph) and also on the Notice board within the clubhouse.

Mrs Barbara Baker
Email: barbaker101@gmail.com
Tel: 07703 648497

Our Safeguarding Officer is not required to make a judgement regarding an incident.

She will listen, take all disclosures seriously and record what is disclosed in your own words and ask you to check and sign, offering support and reassure you that you have done the right thing to seek help.

She will then report the concerns to the County Safeguarding Officer who may if required escalate it to the NGB Safeguarding Officer. Channelling all safeguarding concerns through NGB Safeguarding Officers should provide for a consistent approach across the sport of bowls and also allow for analysis of patterns and any training gaps.

However, in the case of an adult disclosing a situation affecting themselves to our Safeguarding Officer, they can ask for this not to go any further.

6. **Safer Recruitment for staff or volunteers**

Safer recruitment is a set of practices to help make sure staff and volunteers are suitable to work with children. It's a vital part of creating a safe and positive environment and making a commitment to keep children safe from harm. Safer recruitment is a continuing process of improvement for Churchdown Village Bowls Club ensuring that staff and volunteers recruited are safe to work with children and involves several practices including the application process, interview, criminal records checks (if appropriate), references and induction process.

A DBS check is only appropriate in bowls where an individual is recruited to work with children 'frequently or with intensity' (more than 3 days in a 30-day period or overnight) and will be unsupervised. This is known as regulated activity. Criminal records checks should be requested by the NGB through the Disclosure and Barring Service.

We encourage all members to visit the Bowls England website and complete the Free Safeguarding Introduction Training which is a short, interactive introduction to safeguarding which is ideal for any bowls club member who wants to know more about safeguarding:

There is also an online (4 hour) course which is mandatory for a Safeguarding Officer and costs £40.00. Any member can complete the course if they would like to:

7. Supporting Safeguarding

Our club is committed to providing an environment where our members can share their concerns knowing it will be in strict confidence. If you have any questions regarding the policy please talk to our Safeguarding Officer who will be happy to help.

If you are worried, we encourage you to talk to our Safeguarding officer who will help by answering your questions to help you understand the policy and what it means for you.

Concerns that are raised will be addressed quickly in complete confidence. Our Safeguarding officer will encourage you to make your own decision and give informed consent before escalating the concern to the County Safeguarding Officer/NGB Safeguarding Officer. During the process you will be updated on the progress and informed of the outcome as soon as possible.

8. Safeguarding Children in Bowls

Safeguarding children is everyone's responsibility. To fulfil our commitment to safeguard and promote the welfare of children who bowl at Churchdown Village Bowls Club we comply with the NGB Bowls England policies and procedures as follows:

- Churchdown Village Bowls Club ensures appropriate supervision and support for staff, including undertaking safeguarding training.

We will safeguard children at risk by ensuring that our activities are delivered in a way which keeps all children safe.

9. **Legislation and Government Guidance**

- The Children Acts 1989 and 2004² – provide the legislative framework for safeguarding children. A child is defined in this legislation as anyone who has not yet reached their 18th birthday.
- Working Together to Safeguard Children³ (2018 (updated in 2020) – is the main Statutory guidance on inter-agency working to safeguard and promote the welfare of children. It makes specific reference to the responsibilities of sports clubs and organisations.
- Information sharing advice for practitioners providing safeguarding services to children, young people, parents and carers⁴ – is the key information sharing guidance for safeguarding cases amended to reflect the Data Protection Act 2018 and the General Data Protection Regulation (GDPR).
- Keeping Children Safe in Education (updated annually) – is the key statutory safeguarding guidance for all those working in education. It contains useful links to the growing number of safeguarding issues faced by children.
- The Prevent Duty⁵ – is specific guidance for those involved in education and childcare but it provides key information about the safeguarding concerns of radicalisation and exploitation of children by extremist organisations.
- The Sexual Offences Act 2003 - sets clear limits and boundaries about behaviour with children.

Definitions

- In England, a child is defined in The Children Act 1989 as anyone who has not yet reached their 18th birthday. The age criteria is the same for Wales and Northern Ireland. In Scotland the definition of a child varies in different legal contexts, but statutory guidance which supports the Children and Young People (Scotland) Act 2014, includes all children and young people up to the age of 18.
- Safeguarding and promoting the welfare of children is defined within statutory guidance Working Together to Safeguard Children 2018 as ‘protecting children from maltreatment; preventing impairment of children’s health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

10. **Monitoring and Review**
